THE NEXT WAVE OF P&C INSURANCE SOLUTIONS

SPEAR

The Next Wave
of Claims Management Software

Spear**Claims**™ is an comprehensive core software solution designed specifically for insurance which will transform your organization by allowing it to tap into the benefits of intelligent automation, artificial intelligence (AI), and advanced analytics. With Spear**Claims**™ your organization will benefit from enhanced efficiency, reduced expenses, improved customer satisfaction, and will be able to make better informed decisions throughout the claim lifecycle.

Spear**Claims**™ delivers a comprehensive claims management solution to streamline and automate the claims handling process for insurance companies both large and small.

Be Agile
Your business is changing quickly, be equipped to make changes quickly and cost effectively.

Be In Control
Fully-managed and self-managed options allow you to remain in control of your systems & data.

Improve Results
Leverage our technology to make significant improvements that positively impact your final results.

Free Your Team
Escape slow, cumbersome legacy software systems and vendor restrictions.

Stay Current
You'll always be on the latest technology and have access to every update.

Reduce Costs
Reduce your software licenses costs with plans available to fit your size.

Who We Serve

Insurance Companies/Carriers • TPA's • Self-Insured Groups/Employers
Risk Management Firms • Public Entity Groups • Program Administrators

Spotlight on Spear**Claims**™

Improve **Efficiency**
Improve efficiency and organization around the claims process, realize faster cycle times, and provide consistent claims handling by leveraging intelligent automation, built-in analytics, and artificial intelligence.

Embrace Your **Uniqueness**
Extremely flexible foundation allows the software to conform to your unique business processes including extensible interfaces, intelligent automation, and unique workflows.

Dig Deeper Into **Analytics**
Tap into your historical claims data and identify trends and patterns to reveal insights that administrators can use to improve processes and outcomes with built-in analytics.

Get **Ahead** of the Pack
Your technology platform should be propelling the business forward, not holding you back. Spear**Claims**™ delivers virtually every tool and capability your business needs to conquer tomorrow's challenges today.

EASY TO USE

SPEED. CONTROL. RESULTS.

Feature **Highlights**

► **ACTIVITIES**, TASKS & DIARY

Maintain a timeline based record of activities, assign tasks to appropriate personnel, and maintain a rich claim diary inclusive of reminders, due dates, and real-time notifications.

► **AUTOMATED** TRIAGE & ASSIGNMENT

Balance adjuster workloads and distribute work based on a wide array of factors to intelligently distribute work based on claim type, policy details, loss details, complexity, and more.

► BUILT-IN **ARTIFICIAL INTELLIGENCE**

Automate repetitive tasks, analyze large amounts of data, identify fraud patterns, and provide recommendations for settling claims quickly and accurately.

► RICH **REPORTING & DASHBOARDS**

Dozens of built-in standard reports plus ad hoc reporting capabilities provide visibility into claim metrics, performance benchmarks, loss ratios, and more.

► **INVESTIGATION** TOOLS

Provide adjusters access to incident facts, maps, satellite imagery, claims history, and other information to help with investigation and verification.
